Winning War Put Up To Individuals

All Must Fight The Axis, Not One Another, Kiwanis Club Is Told

Speaking on the part the individual citizen must play in civilian defense, Bruce McGill, speaker of the day at the Kiwanis luncheon meeting Tuesday, stated that "each citizen must act as if his individual effort were the one necessary to win the war," and that "We are fighting the Axis, not each other." He also spoke of the fine morale and cooperation within the local Civilian Defense organization, saying that while mistakes had been made in recent air raid drills they were being rapidly overcome through constant and thorough practice.

For convenience of members and to cooperate with the Government on tire and gas usage, the Kiwanis Club is now holding its meetings at the Masonic Temple on E. Sierra Madre Blvd. instead of at Wisteria Vine Gardens. Members of the Eastern Star under Mrs. Olive Fowler, will prepare the weekly luncheons.

At Tuesday's meeting funds were raised among members to sponsor an essay contest at St. Rita's school following the rules which applied to a similar contest at the grammar school. The essay topic will be, "Why I should invest 10 per cent or more in War Bonds." Also announced was the news that the 10 per cent War Bond quota for the organization was made for November with the expectancy of the same cooperation in December.

Kiwanians plan to attend in a body a Boy Scout breakfast to be held at 7 a. m., Wednesday, December 2, at the Congregational Church, when Hillard Barnard, of the grammar school teaching staff will be formally inducted as leader of the Explorer Boy Scout troop recently organized and sponsored by the Kiwanians.

Dent Made In City's Dimout Record As First Arrest Made

There is a dent now in Sierra Madre's record for compliance with the Army's dimout regulations. The first citation has been issued, the first fine assessed. First summons went to Cecil May of Woodland drive in the Canyon Park area. City Judge Noren Eaton imposed a fine of \$10, with the alternative of spending five days in jail. The fine was paid.

The offense was committed a week ago. Until then this was one of the very few communities in Southern California where no arrests had been made for violations of Gen. DeWitt's order.

Postmaster Gives Safe Mailing Dates Before Christmas

Announcement that Christmas packages and letters intended for eastern United States and Canada, particularly to men in Army camps, ought to be mailed by December 1 to guarantee delivery by Christmas, was made this week by R. O. Caukin, local postmaster. Other "safe" mailing deadlines he said are: Middle West, Dec. 7; Pacific Coast and Northwest, Dec. 10; California and nearby points, Dec. 13.

STEAM LOCOMOTIVES MAY PULL P.E. TRAINS HERE AS TROLLEY MEN SHIFT TO ENGINES

Change Made On Other Lines To Meet Terrific Transportation Demands

However improbable it may seem, don't be surprised if you see a steam locomotive pulling a Pacific Electric train through Sierra Madre boulevard some morning. You may even see Lee Goodwin, until recently a conductor on the Sierra Madre line, heaving coal or feeding oil into the firebox of the engine.

The acute transportation situation that is expected to become much more grave when gasoline rationing becomes effective Tuesday, has necessitated the use of engines by the PE on several of its lines, notably the one running into Colton.

Among the thousands of PE

Coffee Rationing Books Available Here Saturday

If all Sierra Madreans who did not receive their War Ration Book One when they registered at the grammar school last May will apply at the City Hall this Friday, Nov. 27, they will be given a War Ration Book necessary for the purchase of coffee. Beginning Sunday morning, November 29, it will be impossible to buy coffee without this book. Persons who already have War Ration Book One on which they have received sugar allowances need not apply.

Delays Sure In Issuing Gas Books

All Applications For Supplemental Mileage Cannot Be Passed Up By Dec. 1

By Dr. A. O. Pritchard

Sierra Madre Member Gas Rationing Panel of Area Rationing Board

Gasoline rationing begins Dec. 1st. In spite of much agitation the date still holds. On that day and thereafter no one can buy gasoline without a book or order by the local rationing board of his district. There will be delays because of the crowded program, (tires, sugar and now coffee are handled through the same office) because of the holiday and because of mistakes in supplemental applications. All of these will make it impossible for all applications to be reviewed by Dec. 1st. However, a large group is working long hours at Monrovia headquarters of the Price and Rationing Board and matters are progressing rapidly. The A books will undoubtedly serve until supplemental applications are passed upon.

The local rationing work has been exceptionally well organized. Supt. Gerald Smith and his able assistants did an excellent job at the school during the three days for issuing the "A" books.

In Monrovia, at 129 S. Myrtle ave., Mr. Stewart, the board secretary, has organized the workers in a very effective manner. We were pleased to see so many helpers from Sierra Madre as well as Monrovia and Arcadia.

Speaking of the mistakes in making application for supplemental mileage, the most injurious to the applicant were: (1) Failure to give the endorsement of the employer; (2) Errors in recording mileage; and (3) Manifest effort to obtain extra mileage which is given ONLY to war workers or people in what is called "preferred classifications." These include doctors, hospital attendants, government officials, clergymen serving congregations, and some six or eight other groups; (4) Many applications being unsigned.

In this program for saving rubber, the rationing of gasoline and care of tires are woven together. One of the things required of all holders of "A" books is that they have tires inspected between Dec. 1st and Jan. 31st and every four months thereafter. In the case of holders of "B" books and "C" books, tires are inspected every two months. Authorized inspectors are to be found in every community. The fee for inspection is 25 cents per vehicle, but if the tire must be removed, the cost is 50 cents per wheel.

Next week in THE NEWS I will say something about "Special Use" applications and "Non-Highway" blanks.

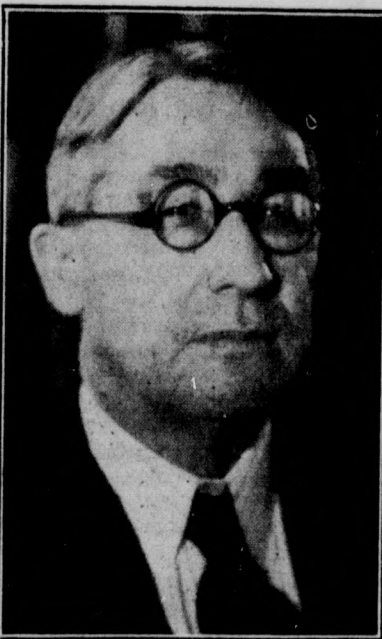

During the recent shift of the Japanese interned at Santa Anita race track to Arizona and Arkansas, Pacific Electric trains powered by steam locomotives started them on their way to the new relocation centers. They are carrying troops to the track now.

Death Calls A Pioneer Businessman

F. H. Hartman Succumbs To Heart Attack At Monrovia Hospital Tuesday

All business will be suspended in Sierra Madre between 2 and 3 o'clock Friday afternoon while funeral services are held for Franklin Henry Hartman, pioneer business man who died at Monrovia Hospital early Tuesday morning.

Passing of Mr. Hartman came as a shock to his hundreds of friends here who were encouraged by the word that he was recovering from an attack of

F. H. Hartman

pneumonia and would shortly leave the hospital. During the early hours of Tuesday, however, he suffered a heart attack that proved fatal. He had entered the hospital two weeks before.

Head of the oldest business establishment in Sierra Madre, Mr. Hartman retired as owner of the Hartman drug store in November, 1937, shortly after having rounded out 50 years in the drug business. He was a member of the Masonic Lodge and the Congregational Church and for 27 years had been a director of the Sierra Madre Savings Bank, not having missed a director's meeting of that institution for more than 20 years.

A native of Akron, Ohio, Mr. Hartman entered the drug business as a young man and had managed and operated several stores in the Middle West before coming to California and Sierra Madre. He is survived by his wife, Ida I. Hartman; a son, Rudolph Hartman; two grandsons, Rudolph, Jr., with the armed forces at Corpus Christi, Tex., and Robert A. daughter-in-law, Myrtle Hartman, and three sisters and five brothers, all of whom live in the East.

Services will be held at 2 o'clock Friday afternoon at the Congregational Church with Grant Chapel in charge. Rev. Frederic Groetsema will officiate with Dr. A. O. Pritchard assisting. Honorary pallbearers will be C. W. Jones, W. S. Hull, E. D. Burbank, C. E. Rappolee, E. G. Everett, R. J. Lord, N. W. Tarr and Preston M. Schwartz. Active pallbearers will be Thomas Schwartz, H. Clay Reavis, Waverly Pratt, Ben Mobley, Harry Caskey and R. H. Pickett.

Interment is to be in Sierra Madre Cemetery.

Postmasters Issue New Warning About Christmas Mailing

"MAIL NOW" instead of "Mail early" is the slogan of the Postoffice Department this year. It is being relayed to the citizenry all over the land by the postmasters. Postmaster R. O. Caukin joined the chorus yesterday with the following message to the people of Sierra Madre:

Your last opportunity to do your Christmas mailing on time may come before November ends.

The heaviest mails in history are about to strike lanes of travel already congested, and postal forces cut to the bone by war. We of the postal service will do our level best by Santa; but still he, too, will have to make way for the war traffic of Uncle Sam. There will be delays, disappointments—there will be congestion approaching deluge—UNLESS we have your best cooperation. For the sake of our troops, for the sake of our Nation, for your own sake, for Heaven's sake . . . MAIL NOW.

R. O. CAUKIN, Postmaster.

CITY BUYS MORE WAR BONDS

City Treasurer Carl Pegler was directed by the city council at its meeting Tuesday evening to purchase five Series F United States War Bonds with money out of the city's reserve fund, bringing the municipality's War Bond investment up to \$11,000, seven similar bonds having been bought some time ago.

War Ration Book 1 Really Important Under New Rules

If you failed to apply for a sugar ration book you'd better get in touch with the rationing board before Dec. 15. That is the deadline set by the War Price and Rationing Board for those who have not yet filed applications for War Ration Book No. 1. This book will be necessary not only to secure coffee and sugar, but must also be presented to the board in order to receive War Ration Book No. 2, which will contain coupons for many necessities to be rationed at a later date.

Offers Services As Nurse; Donations Go To Charity

Building on the principal that individual effort plus the spirit of community cooperation will help win the war, Mrs. C. E. Rappolee of 491 W. Montecito avenue this week offered her services as a nurse to the sick of Sierra Madre. Mrs. Rappolee, wife of Lieut. Commander C. E. Rappolee, is a registered nurse, a graduate of the Children's Hospital at Washington, D. C., where she specialized in pneumonia and heart cases.

She stated that there would be no charge for her services here as she is not registered in California, but any donation given her by patients will be turned over to a local charity organization. Anyone desiring Mrs. Rappolee's services may reach her by phone at 5092.

Youth Groups Will Join In Christmas Carol Program

Heralding the Christmas season, the Sierra Madre Camp Fire Girls have invited all other youth groups to join with them in a Christmas carol program at 4 o'clock, Monday, December 21, in the grammar school auditorium. A committee which met last week to discuss plans was composed of Miss Wanda Taylor, Camp Fire executive; Mrs. Sam Haskins, Girl Scouts; Mrs. Ralph Cordy, Cub Scouts; Rev. Frederic Groetsema and Rev. Leo Scheibel, Boy Scouts; Mrs. Elmer Weese and Mrs. L. F. Pierson, Camp Fire Girls. Representatives of other organizations who could not attend the meeting are requested to contact Mrs. Pierson.

The Camp Fire Community Committee held a meeting Tuesday at the home of Mrs. William Kinney of 171 S. Baldwin avenue, when it was announced that the age limit for Bluebirds has been lowered from eight to seven years.

Civilian Defense Units Assured Gas For Duties

Fear that Sierra Madre's civilian defense units would be seriously handicapped by lack of gasoline proved to be groundless this week when the OCD revealed that civilian defense workers would be allowed fuel to perform their essential duties.

Rent Control Registrants Sign Up Here

Local Landlords May Enroll At The City Hall Friday, Sat. and Monday

Sierra Madre owners of rental properties are going to be allowed to meet for the rent control regulations by registering after all, thanks to the persistence of Mayor Schwartz.

Registration days will be Friday and Saturday of this week and next Monday. The hours are from 9 a. m. to 5 p. m. Friday and Saturday and from 9 a. m. until 8 p. m. Monday and the place is the city hall. In charge of the registration will be a committee consisting of John C. Loomis, Joe Russell, Mrs. Harry Caskey and Mrs. Ruth Smith. They will have a clerical staff of assistants. "There will be plenty of volunteers," the committee announced.

Mayor Schwartz asked that registration be permitted here as soon as plans for the enrollment begin to shape up. But he was unable to get any satisfaction until last Thursday when the permission was given. An earlier favorable decision would have saved many trips by Sierra Madreans to Pasadena and Monrovia, for in the absence until very recently of any official announcement as to where Sierra Madre landlords would register, many went on the hunt in an effort to comply with the registration requirements.

New Dog Ordinance Adopted By Council

An ordinance creating a public pound, establishing the position of poundmaster and regulating the licensing and running at large of dogs, other animals and fowl, that has been before the city council for some time, was finally adopted by the council Tuesday evening. Unlicensed dogs and even those licensed, under certain circumstances, and any other animals or fowl may be picked up by the poundmaster when running at large under provisions of ordinance 425, complete text of which will be found on page six of this issue of the NEWS.

Arcadia Protests Operation Of This City's Dump

A group of Arcadia citizens appeared before the city council here Tuesday evening to register a very emphatic complaint about the way gaseous fumes from the Sierra Madre dump have been annoying them and their neighbors. "This has been going on for 16 years," a woman representing the Arcadia contingent declared, "and it's high time steps were taken to remedy the terrible situation." The city council promised to "look into it."

Solve A Problem For Householders Here

Because war activities have absorbed all of Sierra Madreans commercial electricians and local householders have been unable to have repairs made, the city council this week amended an ordinance requiring out-of-town electricians to pay a \$50 license fee in order to work here. The amended ordinance permits outsiders to do any number of jobs estimated to cost \$50 or less each simply by payment of the annual Sierra Madre business license of \$12.

Every Detail Of A Bombing Will Be Included In A Test Air Raid Drill

Nelson Sends Urgent Plea For Scrap

Telegram To Local Committee Tells Dire Need To Keep Up War Production

A telegram received yesterday by the Sierra Madre Salvage Committee from Donald Nelson, chairman of the War Production Board, contained an urgent plea that every possible pound of salvage materials, especially metal, be rounded up within the next 10 days and that citrus growers and ranchers devote the remainder of this week to searching their premises for the badly needed scrap.

Need for scrap metals was never as great as right now, Nelson said, if production of war materials is to continue in keeping with the war materials production schedule fixed by President Roosevelt as necessary to win the war.

Monday, December 7, is next Salvage collection day in Sierra Madre. Chairman John Froehlich of the salvage committee urges every citizen to gather up all possible materials, then hang out their Salvage for Victory cards in the most conspicuous place possible so that the collectors will not miss them.

1442 People Here Given Gas Books

Nearly As Many Automobiles As Telephones In Sierra Madre

That there are almost as many automobiles as telephones in Sierra Madre was revealed by the three-day registration of motorists for gasoline ration books. The number of persons enrolled for "A" books was 1442. The number of telephone installations is 1592. Just 13 Sierra Madreans applied for "D" books for the operation of motorcycles.

The registration here under the direction of Gerald Smith, superintendent of schools, was smoothly handled with a minimum of waiting by an efficient staff of registrars that included the entire school teaching staff and many of the city's best known women. The list of volunteer registrars included the names of Mmes.

S. E. Peterson, J. W. Worthington, Don Parker, Juanita Caskey, Milo R. Sabin, Dorothy Martin, S. O'Donnell, Carl Hansen, Ringer, Noren Eaton, Jean Kearney, Helen Lovejoy, L. E. Cook, J. N. Hawks, J. L. Woehler, Fletcher White, Mary Wheeler, Mabel Coupe, A. E. Morgan, Convers Twycross, Frederic Groetsema, Bradshaw, Aida Muller, Julian Sylvia MacKinnon, Virginia Timmons, James Heasley, Sr., S. L. Percy, Florence Lusted, Hortense Wells, Yorda Adams, Ruth Gardner, Bryan Denning, Misses Almeda Stryker, Roxana Stevens, Claire Newman, Elizabeth Steinberger, Helen Wones, Dorothy Moore, Mary Pfahler, Adele Davidson, Betty Newton, and Hillard Barnard, Gerald Smith and Dr. A. O. Pritchard, of the area ration board.

SGT. HENRY SHIPPEY CROSSES THE CONTINENT FOR ONE-DAY VISIT WITH HIS FAMILY

Traveling across the continent to spend a few hours with his parents on what may be his last visit before he goes overseas, Tech. Sgt. Henry "Hank" Shippey arrived home Friday afternoon from Ft. Mead, Md., where Commando Raiders, Hank visited he has been training with the his father and mother. Mr. and Mrs. Lee Shippey of 297 North drive, and was able to see his brother Charles "Chuck" a Seaman 1st Class who is stationed at Alameda. Another brother, John, of the U. S. Army Air Corps stationed at Muroc Lake, arrived home Saturday morning two hours after Sgt. Shippey's departure. Also present throughout the general excitement was Mrs. Shippey's sister, Mrs. C. O. Rickett of Kansas City, Mo., who spent the weekend visiting the family.

Army Officers Coming To See Local Civilian Defense Units In Action

Army officers and officials of the State and National Civilian Defense Councils will pass judgment on the efficiency of Sierra Madre's Civilian Defense organization during a simulated raid within the next couple of weeks. The test will bring the full personnel of all the local defense units into action so that the populace will know just how well prepared the city is for a visit by enemy bombers who Army officials have warned may be expected in this combat zone at any time.

There will be all manner of incidents during the test calculated to bring every unit of the local organization into play. Supposed bombs will be dropped in various parts of the city, supposedly uprooting water mains, putting the street lighting system out of commission, setting houses afire, killing and injuring many persons.

Purpose of it all is to see how the defense organization would handle such a situation if it were real. Locations of many of the incidents will be given the Army and other officials who will be on the spot when groups of the local organization arrive to perform their duties. Other officers will be stationed at the control board, at the casualty stations, fire and police stations. Efficiency of every group participating in the drill will be carefully noted.

When it is all over notes will be compared at a meeting of the Defense Council and visiting officers, probably at the city hall, when errors and shortcomings will be pointed out.

Semi-monthly drills have been held to train the local personnel and bring up its efficiency. On each occasion a marked improvement has been noted, and while officials of the local council have little hope that their performance will rate 100 per cent, they believe every unit will give a very creditable account of itself. Similar Army inspection drills have been held in many nearby communities—in Pasadena last and in South Pasadena Monday night. Whenever they have been held suggestions have followed that are expected to greatly increase efficiency. About 25 Army officers and officials and present to check the tests. Exact date for the test here has not been announced, but a week's notice will be given.

Tire Inspectors For City Appointed

Deadline for turning in of extra tires by motorists has been extended until next Tuesday, December 1, when gasoline rationing becomes effective. Persons with more than four casings on car rims and a spare will be subject to heavy penalties provided by rubber conservation regulations. J. Milton Steinberger and R. H. Pickett have been appointed tire inspectors for Sierra Madre. They begin their work December 1, it being compulsory on the part of holders of gas rationing cards to submit their tires for inspection a first time between that date and January 31 and every four months thereafter. Inspectors will be required to check the serial numbers of all tires to see whether they tally with the numbers given at the time of filing applications for ration books.

TO READERS OF THE NEWS

To meet the shortage of skilled tradesmen in the printing industry and other wartime conditions it becomes necessary to go to press earlier with the News each week hereafter. This will only be possible if all news matter and advertising copy is in the News office much earlier than heretofore. Believing that the people of Sierra Madre want the best hometown newspaper circumstances will permit it is believed they will gladly co-operate to secure this much desired result. It quite often happens that items of general interest must be omitted because of late arrival.

It is therefore requested that all local news and advertising reach the office as early as possible—Friday, Saturday and Monday when at all possible. Your help will be very greatly appreciated.

The Shippey and V. E. Simpson family of Pasadena, both of which hang 3-star flaks in their windows, draw a story in the current issue of the WWLWsonian, Wilson Jr. High School paper. Each family in addition to having three sons in the service who graduated from Wilson, has a daughter on the Wilson roster. Of the Shippeys the story says: "The Shippey brothers are Staff Sergeant Henry, Wilson graduate of '36, in the Chemical Warfare Department; Charles, '38, in the Navy at Alameda, and Private John '36, in the Air Corps at Muroc.

Social Notes

The Woman's Guild of the Church of the Ascension will hold its annual tea from 2 to 5 p. m., Friday, December 4, in the church parish house.

Mrs. Hall Perry and Miss Jean Woodward were hostesses to members of the St. Catherine's Guild of the Church of the Ascension at a luncheon Tuesday following their morning meeting which was devoted to Red Cross sewing. Proceeds from the luncheon were given to the Children's Plaza Home for their Thanksgiving dinner.

The Kenneth M. Bush's of 220 N. Sunnyside avenue are being royally dined and entertained during Thanksgiving week. They were guests for dinner Monday at the home of Mrs. Bush's sister and brother-in-law, Mr. and Mrs. J. W. Whiting of Verdugo City, and will enjoy the traditional Thanksgiving feast with

their uncle and aunt, Mr. and Mrs. A. M. Farley of Arcadia. Friday they will be entertained by Mr. and Mrs. Dwight Mayfield of Alhambra. Mr. and Mrs. Bush will turn hosts themselves on Saturday and will have as dinner guests Mr. and A. L. Jacobs of Los Angeles. Mr. Jacobs is director of the choir in which both Mr. and Mrs. Bush sing.

Mr. and Mrs. H. E. Cooper of 47 N. Lima street entertained Miss Anna Crane of Pasadena for Sunday dinner and the day.

Mr. and Mrs. Harry J. Cate of 451 W. Grand View avenue were dinner hosts to several Los Angeles friends.

Mrs. L. F. Pierson of 635 Canyon Crest drive, attended a luncheon last Wednesday at the Valley Hunt Club, Pasadena, and a tea at the home of Mrs. Bromin Seltzer of Flintridge, given by the Pasadena Camp Fire Board in honor of Miss Martha F. Allen, national executive.

Miss Nancy Pierson of 635 Canyon Crest drive was a guest at a formal dance Saturday night at the Webb School for Boys in Claremont.

Mrs. M. G. Linder of 60 S. Michillinda avenue was luncheon hostess Monday to her sister, Mrs. Charles Armour, and Mrs. Stein Lee of Long Beach.

Mr. and Mrs. W. L. Hibbs of 249 Ramona avenue, entertained her brother and sister-in-law, Mr. and Mrs. V. H. Van Cleave of Monterey Park for dinner Sunday.

Mr. and Mrs. Douglas Sneyd of Pasadena were Friday evening dinner guests at the home of Mr. and Mrs. Carl Hansen of 219 N. Sunnyside avenue.

A luncheon given Tuesday by Mrs. Arthur M. Morse of 188 Santa Anita ct. was attended by her cousins, Mrs. Angella Linn and Mrs. Florence Jeffries of Glendale, Mrs. Georgia Messler and Mrs. Frank Hillard of Pasadena.

Wedding invitations and announcements—printed or engraved—and in latest type faces—are reasonable at the NEWS office.

Wives Warned Hasty Breakfasts, Poor Food And "Ulcer Gulches" Hamper Civilians Who Must Help Win The War

By Patricia Corley

A large percentage of California's war workers are suffering from malnutrition.

The "ulcer gulches" of the state—those rows of hamburger stands outside of many factories and plants—hasty breakfasts that often consist only of coffee and doughnuts—these are some of the factors that are undermining the health and energy of thousands of defense workers.

So says Dr. Henry Borsook, a member of the nutrition committee of the State Council of Defense. Dr. Borsook's recent report to the Council concerning the nutrition of defense workers, contains some surprising information.

He selected 1,200 workers at random in a large war production plant in the southern part of the state to study their eating habits. Here are some of the things he found:

Twenty-six per cent of the men drank no milk at all. Two-thirds of them were getting inadequate amounts of milk.

Twenty-two per cent ate no leafy vegetables at all. Two-thirds were not eating enough leafy vegetables. Unless one serving of leafy vegetables a day is eaten, you won't get enough Vitamin A, among other things.

Eighty per cent were getting inadequate amounts of citrus fruits—not enough Vitamin C.

Twenty per cent weren't eating enough. They were getting an average of 2,000 calories a day when a man doing moderately active work should be getting 2,700 calories. Much of this is due, he believes, to inadequate breakfasts and lunches.

In another plant, the diets of the workers were studied as to vitamin content. In this particular plant, by far the majority of the men were young men, yet 40 per cent complained of gastrointestinal disturbances.

Twenty-six per cent reported indistinct vision. Another twenty-five per cent complained of eye strain. Thirty-five per cent complained of either a burning or gritty feeling in their eyes, which was diagnosed as caused by riboflavin deficiency.

Forty-three per cent were sen-

sative to light. Sixty-three per cent had had one or more colds in the preceding three months. Malnutrition among defense workers, Dr. Borsook believes, may be attacked on several fronts. It's up to the wives of the workers to see that the men are well fed and he urges that women enroll in nutrition classes, and in addition, study all the literature they can get in regard to proper foods to put in lunches and for the meals to be served at home.

"Winning the war depends just as much upon the effectiveness of our civilian army as it does upon the armed forces. And if the men and women on the production lines are not well fed, the war effort is seriously impaired," Dr. Borsook declared.

Street Lights Meet Requirements Of Dimout Order

Street lighting maintained by the Southern California Edison Company throughout Southern and Central California complies fully with the dim-out regulations established for the Ninth Civilian Defense Region, according to the announcement today of G. M. Rankin, light control consultant for the Southern California Section of the defense region. The street and highway lights under direct control of the Edison Company, in cities and in unincorporated areas, include only the overhead bracket or suspension type lights. Edison lights here and elsewhere have been fitted where necessary, with shielding equipment which controls the light rays to conform to dim-out requirements. Many overhead units were already in compliance and required no shielding.

Continued operation of street and highway lights is essential for the prevention of traffic accidents, Rankin said. While the requirements of Public Proclamation No. 12 of Headquarters, Western Defense Command, are that all light sources used in residential, commercial or industrial occupancy be shielded so that no direct rays are emitted above the horizontal, a ten per cent leeway of light above the horizontal is permitted in street lighting, in order to obtain the full coverage over the comparatively large area lighted by a single street lamp.

SIERRA MADREAN IN THE NAVY PROMOTED

Frederic H. Arthur, whose wife resides at 463 Auburn ave., has been advanced in rating from Machinist's Mate Second Class to Machinist's Mate First Class, U. S. N., it has been announced by the Fourteenth Naval District, Pearl Harbor, Hawaii.

Mr. and Mrs. C. H. Sandage of 168 W. Highland avenue, spent the weekend in Simi visiting Mr. and Mrs. Leonard Wamock.

Mr. and Mrs. Ed V. Ryan of 102 S. Baldwin avenue are enjoying a few days vacation in Palm Springs this week.

Miss Nancy Perry, daughter of Mr. and Mrs. Hall Perry of 118 E. Laurel avenue, underwent an appendectomy Tuesday at St. Luke Hospital. Her condition is reported favorable.

Clement May Will Conduct School Of Speech And Drama

Those who witnessed the magnificent program presented by Clement May, noted artist, at the Woman's clubhouse recently, will be interested to learn that he is opening a school of speech and drama in Sierra Madre. In addition to his ability as an artist and interpreter of the English classics, Mr. May is a teacher of high repute and long standing. For many years he was a director of speech at leading colleges and schools in New Zealand.

The classes will be held at the Woman's clubhouse where individual tuition will also be given. A special class for young people is held every Saturday morning at 9:30.

UNITY MEETINGS TO BE DISCONTINUED

As a result of gas rationing, weekly Unity meetings at the Park house, will be discontinued for the duration.

FIRE FLAMES

The City's firemen are doing their utmost to keep in trim for any emergency that might arise. It is necessary that they be physically fit for strenuous work. Therefore the boys are taking advantage of what time is left to get the amount of rest needed. Lights are usually out early at the station, where four men sleep each night. This stand-by duty is voluntary and not once since the arrangements were made has anyone missed his turn.

The cold nights are bound to bring with them some fire hazard, where fireplaces and heating appliances are used. Spark arresters are valuable, both in front of a fireplace and on the chimney. A good connection to the gas heater is essential and should be examined and tested often. Hose connections are sometimes accidentally moved, which causes a leak.

Each evening at 7 p.m.

Junior Women Send Santa Claus To Plaza Home

The Sierra Madre Woman's Club Juniors upon receiving a box of clothing from the Los Angeles District Woman's Club needlecraft guild, in turn presented the Plaza Community Children's Home with the contents which included dungerees, sweaters, underwear, dresses, shirts, socks and sheets. The Juniors received this box of clothing by donating new garments to the needlecraft guild the preceding year.

The Juniors have almost completed a patchwork quilt which they will give with a basket of groceries to a needy family at Christmas time.

Thirty tickets for the joint Junior and Senior Woman's Club dance to be held Saturday, November 28, have been donated to the Arcadia U.S.O. for service men. The clubs are hoping to make these dances a monthly affair. Sponsors include Mr. and Mrs. William Lees, Mr. and Mrs. C. H. Sandage, Mr. and Mrs. Percy Kortkamp and Mr. and Mrs. Edward Gingerich.

At the regular meeting Tuesday night refreshments were served by Mrs. Jack Butler, Miss Ruth Miles and Miss Bud Doty. —Naomi Kohl, Press Chairman.

A.L.A. Activities

Due to Thanksgiving falling on our regular meeting date, the Unit will meet on Friday at 2 o'clock at the home of Mrs. Anna Block, Oakdale Drive. Meet at Pickett's station at 1:45 for transportation.

The Campfire group sponsored by our Unit made 34 table doliies for the Armistice Day party at San Fernando hospital.

Past President Helene Smith of Santa Barbara was visiting old friends here Thursday and Friday. She has disposed of her gift shop and is doing city hostess work.

We are looking forward to the return of our Parliamentarian Grace Caukin in a week or so. MAYBELLE C. BARKER, Press Chairman.

U. S. Treasury Department.

'Wait! On second thought you ought to make a good son-in-law!'

Grammar School Pupils Write About Their Visit To The News Office

Members of Mrs. Adam's sixth grade grammar school class that visited the office of the Sierra Madre News during National Newspaper Week, to see, as they said, "how our paper is made," were intensely interested in what they saw. They talked about it when they went back to school and other groups have come along. But they also wrote about their impressions in form of little essays. It is possible only to reproduce portions of some of them here.

Signing herself Nancy, one girl began her paper like this: "Visiting our newspaper office this week we saw how our local paper is made. First we met Mr. Goshorn who is the owner and publisher. We also met Mrs. Eliason who receives the news and Mr. Langley who is the printer. First the news comes to the copy room and then to the linotype. We saw the press and how it worked. There is another machine called the 'lazy man's press.' It works automatically, but the other presses have to be fed by hand."

George Whiteley wrote: "This being National Newspaper Week, our room went to the Sierra Madre News office. There are two desks in the main room. One of them was the copy desk and the other the reporter's desk. In the next room we saw a linotype machine and the presses. One press was automatic—it fed the paper and took it out of the machine. The other two were hand fed. Then we saw how they melt the lead and mold it into pictures. The people were very nice about showing us around."

Mignon wrote: "We saw many interesting things. Have you ever gone to a newspaper office? There is quite a bit of confusion, isn't there? Mr. Goshorn greeted us. Mrs. Eliason was very nice. Some of the things we saw were the linotype machine, the 'lazy man's press,' the automatic press, the mat (advertising machine), the smelter and the hand press. Mr. Langley showed us most of the machines."

Betty May Hubner wrote in part, as follows: "Our class had the pleasure of seeing how our local newspaper is printed. When a story is phoned into the newspaper office one of the people in the office rewrites it and then takes it to the back room, where the type is set by the linotype man. It is then proofread and the story is ready to be printed. It is put on the press and printed and then sent to you."

Jeanne wrote: "We saw the linotype and learned how it worked; also three types of presses. Mr. Langley worked the linotype and showed us how it sets the type. Mr. Goshorn gave us some sample copies just off the press. Seeing how the newspaper was made was extremely interesting."

This is from Bobby B's essay: "The first person we saw at the Sierra Madre News office was the re-write woman. Then we saw the proofreader who makes the corrections. She brings the mistakes out to the margin. In the next room was the linotype machine. The keys of the linotype machine are much like the keys of a typewriter. It makes steel

plats, sentence by sentence. "We saw one press that was run automatically. The other two had to be fed by hand."

UNCENSORED

—By LEONE BAXTER—

One look at the shops these days is sufficient to convince the pessimist that this Christmas is going to be different, if not entirely glum—as far as the customary showering of gifts on children is concerned.

The supply of electric trains, velocipedes, lead soldiers and rubber balls, dwindling from day to day, will be gone before the holidays, the pessimist predicts. And some of the biggest store owners agree with him.

New skates and scooters, sleds and other metal playthings soon will be gone from public view. And as for rubber toys and rubber-wheeled vehicles of every description, fond parents shortly will learn that they, too were expendable.

What does that leave for the poor little tyke who has learned to interpret Christmas as the time when he may ask and expect to receive his very hearts desire complete with wheels, brakes whistles and bells?

The answer is, "Plenty!" The stores are full of wooden toys of infinite variety and as much intricacy as any. Airplane models a fellow can put together himself, learning, meanwhile, the mysteries of struts and props and ailerons. Everything from Taylor Cub trainers to P-40's. Tanks, submarines and whole arsenals of guns. Bombers, battleships and uniforms galore. Red Cross outfits for embryo doctors and nurses, ambulance units and even wounded patients for little girls to practice splints on.

Too many warlike playthings to please mothers, but never enough to please small boys. Colored maps and charts of a new world in the making, so conquest may be followed and current events learned at play. Plenty of books and plenty of dolls. Except perhaps for those spoiled rascals who will always cry for the moon with a gold string around it, children won't suffer in this war because Santa Claus couldn't find the gifts to please them. Variety is as endless as it ever was, for there is no end to ingenuity.

Christmas will be the joyous time it should be.

The war has blacked-out the brilliantly lighted front-yard tree, but indoors there will be as much gayety and light and laughter as ever. There will be carol singing and Christmas joy. There will be family gatherings and whispered prayers for those that war has wrested from the home hearth. There will be church services when the most beautiful sermons of all the year will be preached and the loveliest of sacred music sung—music to be heard by sons in Iceland, Africa,

Dance Program Will Cater To Desires Of Every Patron

Jitterbugging, Paul Jones, whistle dances, and good old-fashioned waltzes and polkas will be featured at the Senior and Junior Woman's Club dance which will be in full swing between the hours of 9 and 12:30 p. b., Saturday, November 28, at the Woman's clubhouse.

Sponsors of the dance include Mr. and Mrs. William Lees, Mr. and Mrs. C. H. Sandage, Mr. and Mrs. Percy Kortkamp and Mr. and Mrs. Edward Gingerich. Music will be furnished by the popular Don Parker orchestra. No tickets are on sale but admission will be charged at the door.

Officer "Expedites" Breakup Of A Party

The police "blotter" at the local station contained the following interesting entry the other day:

"1:10 a. m. Mrs. Jack on No. (deleted) Hermosa reports a wild party is gaining headway nearby. Wants it dispersed."

"1:14 a. m. Investigated wild party. A large group of men and women gathered at — N. Hermosa, occupied by — in celebration of his entry into the Army at a very early date. There was a good deal of noise, but no obscene or vile language could be heard outside. Notified the occupant of the disturbance and he agreed to break it up. I returned some time afterward to expedite the 'break up.' —Officer Heasley.

Guadalcanal, Britain and the Far East.

The spirit of Christmas, fortunately, does not depend on unattainable things for children's playthings or their elder's pleasure. Christmas will be Christmas this war year, as always.

Buy your stamps a dime at a time.

Or a quarter, or even a dollar.

Whichever you do won't hurt this rhyme, Hitler's the one who'll holler.

Illustration by Gid Crockett.

SYMPHONY CONCERT IN MONROVIA

The San Gabriel Valley Symphony Orchestra will play the first concert of the current season Tuesday evening, Dec. 1, in the auditorium of the Monrovia-Arcadia-Duarte High School, at 8:15 p. m.

Soloists will be Leta May, coloratura soprano; Sylvain Robert, dramatic baritone; and Mathilda Barsha, accompanist.

WILSON GRADS WILL STAGE THREE PLAYS

In spite of gas rationing, Thanksgiving holidays, and the set forward of Christmas vacation, the Woodrow Wilson Junior High School graduates for the February '43 class are planning three comedies to be presented to their parents and fellow Wilsonites at a December 10 matinee, "Don't Tell A Soul" (James Reach), "Make Room For Rodney" (Marion Holbrook) and "Little Darling" (Peggy Oliver).

Adolph, Benito and Hirohito—the three blind mice. Make them run with ten percent of your income in War Bonds every pay day.

Comic Concoction At The Playhouse

With a comic concoction of laughter and mystery to lead the way, Pasadena Community Playhouse launches into the Winter play slate of four offerings with Parker Fennelly's New York success, "Cuckoos on the Hearth," Nov. 25 to Dec. 6. Satirizing and plagiarizing all the famous gooseflesh epics of our time, "Cuckoos on the Hearth" is optionally titled, "Arsenic in Our Town."

Men are dying for the Four Freedoms. The least we can do here at home is to buy War Bonds—10% for War Bonds, every pay day.

Furnace fires glow and smoke surges from the stacks of thousands of industrial plants producing an ever-increasing quantity of planes, tanks, guns and other implements of war. That's the smoke that gets in the eyes of the Axis.

Raw materials and completed units are loaded on long rows of freight cars, go rumbling across country in a never-ending procession, hauled by gigantic locomotives followed by trails of smoke—smoke that smarts the eyes of Hitler and Hirohito.

Smoke 'em out!—that's our job. Union Pacific, the Strategic Middle Route connecting West with East, is doing its part by "keeping 'em rolling." Thousands of Union Pacific employees are working tirelessly—and buying War Bonds generously—for victory!

Entered as Second Class Matter
at the post office at Sierra Madre,
California, under the Act of
March 3, 1879. Official paper of
the City of Sierra Madre

Of all virtues and dignities of
the mind, goodness is the great-
est, being the character of the
Deity; and without it, man is a
busy, mischievous, wretched
thing.—Jacon.

WHAT IS A BOY

What is a boy? He is a person
who is going to carry on what
you have started. He is to sit
where you are sitting and, when
you are gone, attend to those
things which you think are so
important.

You may adopt all the policies
you please, but how they will be
carried out depends on him. Even
if you make leagues and treaties
he will have to manage them.
He is going to sit at your desk
in the Senate and occupy your
place on the Supreme Court
bench. He will assume control of
your cities, states and nation.

He is going to move in and
take over your prisons, churches,
schools, universities and corpora-
tions. All your work as going to
be judged and praised or con-
demned by him. Your reputation
and future are in his hands. All
your work is for him and the
fate of the nation and of hu-
manity are in his hands. So it
might be well to pay him some
attention.—Juvenile Hall.

TEST YOUR METTLE

Time to test your mettle in
collecting metal!

Every available ounce of un-
used metal in the country, from
gate hinges to superannuated hot
water tanks, is essential. If
America's soldiers, sailors and
airmen are to get weapons and
munitions in the quantity that
will make victory possible, you'll
have to help.

Those pieces of scrap metal
which may at this moment be
lying in shameful disuse in your
basement, attic, garage, or out in
the back lot, can, with a mini-
mum of effort on your part, be
headed for the steel mills, sub-
sequently for tank, aircraft, or-
nance plants, and finally as a
fighting machine or weapon to
hammer telling blows to the
enemy.

If you've got the scrap, get it
in the fight.

LOOK TOMORROW

When you go each week-day
morning
To start your daily grind
Do you glance up at the moun-
tains

That stand so firm behind?
They seem to be brown-patched
velvet

Rough ridged against the sky
If you want, they'll help to give
you peace

To meet the Battle cry
of any undertaking—or of
any supreme test

These hills that lie behind you
Help give homely, quiet rest.

—Mrs. Olen Miller
Sierra Madre, Oct. 19, '42.

WE MUST CHOOSE

Millions of people, for the first
time, are beginning to worry
about how they are going to pay
their taxes. The hard cold truth
is coming home to them. And
taxes must go higher. This un-
pleasant fact can no longer be
sidestepped. . . . We can either
take our tax medicine now or
face freedom-shattering inflation
and bankruptcy after the war.—
Lincoln News Messenger.

The.... Watch Tower

By Perley Poore Sheehan

UP in the high Sierra—
where the ratio of good
men also is high—we're
sure we never met any better
man than Pete. Over six feet,
even when hunched with his
years of heavy labor—an artist
with crowbar and ax; dark an-
imal eyes that take you in bright-
ly from a black overhang of
shaggy eyebrows. He'd been
born in a hungry crotch of the
Alps, on the Italian side, where
he'd got in trouble as a boy. Like
this. There was a period of fam-
ine—all that Pete's family ever
had to eat anyway consisted
mostly of chestnuts and goat's
milk, and never enough even in
the best of times. Pete's young
brother had been caught stealing
chestnuts from a grove belonging
to the church and was about to
be punished by the local padre
when Pete—then sixteen but big
enough—arrived. And saved the
kid. By means of such deadly
menace—of language at least—
that Pete shortly found it bet-
ter to skip and come to America.

ALL of a dozen years since
we've seen him, but Pete—
the image of him—keeps
coming back to us. Especially
these days with so many of our
boys going away to the war. For
Pete joined up with one of our
California outfits in the first
World War and saw plenty of
active service—finding means be-
times to send most of his pay
to those people of his—such as
were left—in the Alpine valley.
Incidentally, Pete had never
learned to smoke; while any
liquor made him crazy, so he let
that alone; and he'd always been
shy of women—knowing that just
his looks were enough to frighten
such girls as he might have
cared for. So he had money. And
after the Armistice, what better
could he do than to pay a visit
to the scenes of his childhood?

NOT, to be sure, that he look-
ed forward to having a very
good time. More of a duty-call.
In the ten years he'd been gone
both his mother and father, and
that young brother he'd shielded—
these had died. But there were
plenty of others, and it was
to them he felt, somehow,
that he owed a duty. He wanted
to tell them something—some-
thing he'd learned in the United
States. "Or, I don't know," said
Pete. "Mebbe, they'd laid up a
fine against me, or a jail sen-
tence, and I wanted to square
myself. Anyway, I and a crowd
of people I used to know—we
were sitting on the church steps
in the village square that first
afternoon I got there—there
wasn't no other place to sit—
and the same padre I'd had the
run in with—we saw him walking
toward us from out of the
house where he lived on the
other side of the square."

NOW this is how the image
of big Pete again comes
back to us—not as we
knew him in our own mountain
country—but as he must have
been then: younger, hulking big
in his uniform, sitting there in
a village square of the Lombardy
High Sierra, surrounded by peas-
ants anyone of whom might have
been himself—if he hadn't gone
away. He saw them as projec-
tions of himself—as he might
have been—for all his wild na-
ture and the size of him. He saw
them timorous and shrinking,
frightened by the mere presence
of a priest and the fact they'd
been found in friendly talk with
himself as a renegade. Pete
wasn't telling us all this—he was
shy on speech; but he was, in
some mysterious way, getting it
brilliantly across. So he jeered at
the peasants—told them to stay
where they were, to be men; he
wanted to know what they were
afraid of—and why. They cowered
about him, drawing back a
little as the priest came on.

A little way off the priest
stopped and looked at Pete,
while Pete looked at him,
and the crowd held its breath.
You could imagine that silence—
sun, mountains, village square,
and this meeting like the meet-
ing of two worlds or the meet-
ing of two widely separated pe-
riods of time—a silence broken,
and properly, by no less a dig-
nitary than the priest himself.
Who cried out: "Pietro! By the
grace of the good God! Now that
we should meet again!" And he
ran forward and put his arms
about big Pete and hugged him.
After which, Pete was telling
them all—oh, ever so much—
about his life in America, and
hearing them murmur things like
"Bella vita!" and "Il bel Paese!"
—as we might say, "A swell life,"
and "Some country!"—while on
their faces was the light of
dreams.

WE think of Pete now in
connection with so many
of our boys now crossing
the Seven Seas on the same sort
of mission that took Pete across.
For, who are they? Sure, all of

them good Americans, as to their
present status; but in their young
and supple strength—all of
them—the heritage of older
stocks: Italian, like Pete; En-
glish, Irish, French, Scot, Polak,
Serb, Greek; the blood of Shem
and Ham; Russian, Tchek, Finn,
Scandinavian, Spanish, Portuguese.
They're going back not only to
fight. They return as teachers
and ambassadors to all the par-
ent breeds. So that, before it's
over, all those old races, each
recognizing its own, may say:
"Ecce homo!"—and take fresh
faith and courage in the future
of their own mankind.

Need Women Pickers In Cotton Fields And Lemon Groves

Due to the fact that so many
of the local people in Kern and
Tulare Counties are picking cot-
ton, and that the Sierra Vista
Ranch is in desperate need of
workers to get in the last of the
grape crop, the American Women's
Voluntary Services Camp at
Delano, will remain open until
December 1st. More recruits are
needed immediately. Preference
will be given those who plan to
stay for the duration of the camp.

Day workers are needed to
pick lemons at La Habra. Trans-
portation is furnished to and
from Pasadena.

You may enlist today. Go to
A.W.V.S. Headquarters, 1030 East
Green street, or phone Sycamore
3-8181 for further information.

Not everybody with a dollar
to spare can shoot a gun
straight—but everybody can
shoot straight to the bank and
buy War Bonds. Buy your
10% every pay day.

OUR DEMOCRACY—by Mat

"SECURE IN THEIR PERSONS."

OVER THERE

DICTATORS AREN'T
INTERESTED IN ANY
BILL OF RIGHTS.
PEOPLE WHO OPPOSE THEIR IDEAS
OR WISHES ARE APT TO BE KILLED OPENLY,
WITHOUT TRIAL. OR TO BE TAKEN AWAY
TO DISAPPEAR.

OVER HERE

THE RIGHT OF THE PEOPLE TO BE SECURE IN
THEIR PERSONS, HOUSES, PAPERS, AND EFFECTS
AGAINST UNREASONABLE SEARCHES AND
SEIZURES. SHALL NOT BE VIOLATED.

—U.S. BILL OF RIGHTS.

The accident casualty rate for
the nation so far this year
mounted to some 42,000 killed
and injured. These shocking per-
centages are like figures in
mathematics, but they are human
lives—men, women, and children
you or I may have known. Be-
yond that they are the sinews of
war, workers in war production,
potential soldiers. Accidents last
year killed or disabled every 14th
person in the United States. They
were the first cause of death
among all males from 23 to 38.
This cost the war-production ef-
fort 480,000,000 man-days of la-
bor time. In traffic alone, 19,000
were killed and 650,000 were in-
jured.

The traffic toll decreased 24
per cent in the first nine months
of this year for a saving of
6,610 lives—21,290 this year
against 27,900 in 1941. In Sep-
tember alone there was a saving
of 1,490 lives as the toll fell 40
per cent from the same month a
year ago.

A new synthetic stiffening fab-
ric has been invented to replace
horsehair in the lining of coats,
dresses, and upholstery.

A new synthetic resin vinylite
yarn with elastic properties pos-
sesses many of the qualities of
rubber and can be used to make
numerous articles heretofore made
of rubber.

The aircraft industry will pro-
duce more than \$4,000,000,000
worth of airplanes, engines, and
propellers during 1942.

WPB has ruled that no more
safety razors are to be manu-
factured and that the production
of razor blades for civilian use
must be reduced by 20 per cent.

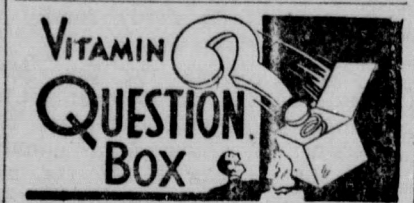

They are to be made only for
the fighting forces, for export
and lend-lease shipments. So it
may be that the very young
man's first razor will be the one
the Army issues him or the hand-
me-down of his older brother
who has gone to war. By halting
the manufacture of safety razors
and curtailing the output of
blades (1941 was a 3,000,000,000-
blade year—12 per cent above
1940—so the pinch won't be felt
for some time) WPB hopes to
save about 800 tons of steel. Al-
ready the manufacture of
straight razors has been ordered
stopped on Jan. 1 next and the
facilities of these plants used to
turn out, among other things,
commando knives.

Anaheim and Placentia are in
the midst of a yam growing con-
test. A few weeks ago the Ana-
heim Gazette boasted of a speci-
men of the Porto Rico variety
grown there that weighed 11
pounds and three ounces. Last
Thursday Mrs. George Muir trun-
dled into the office of the Plac-
entia Currier with one grown
on her ranch on Richfield road
that weighed exactly 13 pounds.
"I know it must have weighed
15 pounds when we brought it

War Veterans Meet After 41 Years

E. H. Shane of 93 W. Mira
Monte ave. played host last week
to his old friend and comrade-in-
arms, A. B. Crain of Washington,
whom he had not seen since 1901,
when they returned to the
States after the Spanish-Ameri-
can War.

They had grown up from boy-
hood together in Woodlawn, Ill.
With start of hostilities in the
Spanish-American War both en-
listed and went to the Philip-
pines. They were mustered out
of service and separated, not to
meet again until Mr. Crain came
here to visit his old pal.

Increasing losses of income de-
rived from the sale of gasoline
in California were reported yes-
terday by the State Board of
Equalization. The October tax to-
taled \$4,660,468.64 as compared
with \$5,527,752.88 for the same
month in '41, a loss of 15.7 per
cent, greatest decrease reported
since war-time demands restrict-
ed the use of automotive equip-
ment.

The past few days, the Nazi
radio has painted for the long-
suffering German people a lurid
picture of what will happen to
them in case of an Allied victory.
"Executed persons will not be
buried. Their bodies will be
burned with animals and the
ashes thrown to the winds. The
bodies of national heroes will be
exhumed and dishonored." They
affirm, less romantically, that we
also plan to murder or imprison
all members of the Nazi party,
Elite Guards, storm troopers and
government employees. Faith in
the Fuehrer and the Nazi cause
must indeed be at a low ebb, if
fighting spirit has to be whipped
up with broadcasts which sound
like the old tales of "Raw Head
and Bloody Bones," with the Al-
lies cast in the role of a savage
ogre.

American shipyards turned out
93 cargo vessels of all types in
September, almost as many as
they did in all of 1941.

All Americans welcome the
abandonment by our country and
England of their extra-territorial
rights in China, as not only jus-
tice to our great ally, but as a
pledge to all Asia's people of the
sincerity of our post-war aims.
In the New China these interna-
tional settlements have ceased to
have any meaning. Generalissimo
Chiang Kai-Shek has brought to
his nation the knowledge and vi-
sion of our Western world as well
as of his own Eastern world. Our
aims and ideals of justice and
democracy are no longer at var-
iance. China points the way in
which all the Oriental may travel,
once the power of a predatory
Japan is crushed. This concrete
application of the principles of
the Atlantic Charter gives the lie
to Goebbels' false charge, spread
so industriously by Nazi agents,
that there is really no difference
between the moral aims of the
Axis and of the Allied Nations,
that both are fighting for world

power and to hold in subjection
the vanquished.

THINGS TO COME: Alarm
clocks with cases made of hard-
pressed paper. . . . Mail boxes of
transparent glass with wooden
lids instead of zinc. . . . An all-
plastic screen admitting air and
light but keeping out insects, a
product of a wire cloth company.
A cleaning compound which
cleans windows, walls, floors and
machinery, removes paint without
rubbing, and disinfects as it
cleans. . . . Porcelain lids equip-
ped with threads to form a screw
top and glass stoppers, also
threaded.

Traveling 10 miles at 35 miles
an hour takes two minutes long-
er than at 40, but two miles of
extra tire life are saved at the
slower speed.

Do you have questions about vitamins
and minerals? Get the answers by
writing to the Vitamin Question Box
Editor, Grand Central P. O. Box 657,
New York City. Enclose stamped, self-
addressed envelope and mention name
of this newspaper. The best questions
and answers will be published from
time to time in this column.

Tally Score Here

1. Just 10 points for (b)
2. Allow 15 more on (b)
3. (a) is worth 15 more
4. 10 for (b)
5. Add 15 points for (b) again
6. (a) and 15 points
7. Tally 20 on answer (c)
TOTAL

RATINGS: 90-100, Solo-
mon couldn't do better;
80-90, every inch a king;
70-80, a kingly performance; 60-70,
not quite a blue bird.

The more you walk to work

Motorists Turn In Many Defective Gas Applications

If you filed an application for a supplemental gasoline allowance (B book), Mr. Motorist, the chances are nearly fifty-fifty that you left out something important when you filled in the blank! At least that is what Samuel Leask Jr., Southern California OPA administrator, believes after looking at samples of 600,000 applications turned in by car owners in this county.

Most common omission according to Leask was failure of car owners to get those sharing rides with them to sign the supplemental form. Many car owners, strange to relate, forgot to sign their petitions themselves.

Where these applications are found to be seriously lacking in essential information they are to be returned by mail. Where the omissions are slight motorists will be requested to appear before the rationing board in person.

BEN SMITH NOW AT OFFICER'S SCHOOL

Bruce Smith, son of Mr. and Mrs. J. O. Smith of 609 W. Sierra Madre Blvd., has been transferred from Camp Robinson, Ark., to U. S. Army Officers Training School at Ft. Washington, Md. Another son, Ben, also with the U. S. Army, is now at Camp Chaffey, Ark.

NOTICE

SOUTHERN COUNTIES GAS COMPANY

Corp. Frank Vane Is At Santa Anita With Big Army Group

Frank Vane, now a corporal in the Army, arrived at the Santa Anita race track with approximately 3,000 other soldiers Friday morning after a three-day trip from the ordnance training camp at Aberdeen, Md. It was one of the first large contingents from Aberdeen to arrive at the new Army camp here and will remain for 90 days to complete its training. Quite different than the transportation afforded the American soldiers in France during World War I, when they traveled in box and cattle cars, these 1942 defenders arrived in solid Pullman trains. Vane, son of Mr. and Mrs. C. A. Vane of 220 E. Sierra Madre Blvd., recently won promotion as a corporal and has enjoyed several night's rest in his own bed at home.

It's common sense: to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten percent every pay day.

OBITUARY

S. W. NEVILLE

A Rosary service Monday, followed by a 9 o'clock mass were held for Sylvester W. Neville, 69, who passed away suddenly Friday morning at his home at 423 E. Highland avenue. Mr. Neville was born in Canton, Ill. He was a member of the Holy Name Society at St. Ritas church. Surviving are his wife, Sarah; two sons, William F. and Sylvester L. Neville; a daughter, Mrs. Robert Young of Inglewood, and a brother, James, of Spokane, Wash. Interment was made at Calvary Cemetery.

JAMES HALLINAN

James Hallinan, of 109 E. Laurel avenue, passed away in Los Angeles, Thursday, November 19, at the age of 84. Mr. Hallinan, a native of Deppford, England, is survived by a sister, Frances. Rosary services were held Sunday evening with a mass at St. Ritas Church the following morning. Interment was at Calvary Cemetery.

TRADITIONAL FEASTS TO MARK THANKSGIVING OBSERVANCE HERE

The traditional Thanksgiving Day feast will be served in many Sierra Madre homes today following services at churches, but many local families will observe the holiday with friends and relatives elsewhere.

Leut. (j.g.) Willard J. Wooley, U. S. Naval Air Corps, Mrs. Wooley, and Mr. and Mrs. Harry S. Wright, all of Long Beach, will be Thanksgiving dinner guests of Capt. E. G. Everett and Mrs. Caroline Campline of 68 Vista Circle drive. Mrs. Everett arrived Friday in Miami, Fla., where she will make an extended visit.

Joining in a family Thanksgiving party at the home of Dr. A. O. Pritchard and Miss Martha Pritchard of 121 E. Algeria avenue will be Mr. and Mrs. Leslie Harlow, Mr. and Mrs. Clarence Howie and William Howie and family, all of Pasadena.

Mr. and Mrs. E. D. Burbank and his sister, Mrs. Walter Dow of Laguna Beach, will enjoy Thanksgiving dinner at the home of Mr. and Mrs. C. W. Jones of 49 E. Algeria avenue.

Mr. and Mrs. Percy Kortkamp of 32 Park avenue are joining Mr. and Mrs. Robert E. Burris of Los Angeles for their Thanksgiving dinner. The Kortkamps were entertained for dinner Sunday by Mr. and Mrs. Perry Kortkamp of Hollywood.

Mr. and Mrs. Arthur M. Morse of 188 Santa Anita ct. will be guests for dinner Thanksgiving Day of her cousins, Mrs. Angella Linn and Mrs. Frank Jeffries of Glendale.

The M. D. Murray's of 635 W. Grand View avenue will have as Thanksgiving guests their daughters and husbands, Mr. and Mrs. Harvey Cantrell and baby of Altadena, and Mr. and Mrs. Lloyd Flint of Flintridge.

Joining Mr. and Mrs. M. G. Linder of 60 S. Michilinda avenue to a Thanksgiving feast will be his parents, Mr. and Mrs. B. F. Thomas of Baldwin Park; Mrs. Linder's mother, Mrs. Alice Owens of Los Angeles, and their nephew, William Siettedahl of Los Angeles.

The H. M. Selk's of 485 E. Sierra Madre Blvd. will be Thanksgiving dinner guests at the home of Mr. and Mrs. Walter Walsh of Los Angeles.

Relatives from Filmore, Los Angeles, San Diego and Lynnwood will gather for Thanksgiving at the home of Mr. and Mrs. Charles A. Root of 685 W. Grand View avenue.

Places will be laid at the A. A. Rutledge's table, 126 E. Mira Monte, for Jack Rutledge, U. S. Navy, and Mrs. Rutledge who are expected to arrive for dinner on Thanksgiving day.

Paul Born of Yakima, Wash., nephew of Mr. and Mrs. L. S. Ward of 270 W. Highland avenue, arrived Monday for a visit and will spend Thanksgiving with the Wards.

Mr. and Mrs. C. H. Sandage of 168 W. Highland avenue will drive to Vista for their Thanksgiving dinner.

The traditional Thanksgiving feast at the home of Mr. and Mrs. H. C. Parker of 192 N. Baldwin avenue, will be shared by their son and daughter-in-law, Mr. and Mrs. Don C. Parker.

Mrs. A. E. Pulling of 382 W. Montecito avenue has accepted a Thanksgiving dinner invitation from former Sierra Madreans, Mr. and Mrs. Elmer Pulling of Los Angeles.

Mr. and Mrs. Carl Hansen of 219 N. Sunnyside avenue will go to Long Beach for Thanksgiving dinner with their uncle and aunt, Mr. and Mrs. J. B. Reams.

Mrs. John H. Robertson of 371 Adams street, who sustained a broken leg in a fall several months ago, will venture forth on crutches for the first time since her accident when she attends a Thanksgiving dinner at the home of her son and daughter-in-law, Mr. and Mrs. Craig McLaughlin of 71 E. Montecito avenue. Also present will be Mr. zey.

The W. S. Pinkerton's of 262 Robertson and Mrs. Julia Hens-Santa Anita ct. will join the ranks of Thanksgiving guests when they are entertained by her cousin, Miss Louise Zimmer of Pasadena.

Thanksgiving day dinner guests at the home of Mr. and Mrs. Randolph Wood of 255 N. Hermosa avenue will include her mother, Mrs. Laura Stevenson, Miss Daisy Hawks, and Mr. and Mrs. Howell N. White, Jr.

Woman's Society To Elect Officers

Election of officers for the coming year will take place at the regular meeting of the Woman's Society of the Congregational Church on Tuesday, December 1. The morning will be devoted to sewing and at 2 p. m. a business meeting will be held.

RECEIVES WORD OF BROTHER'S DEATH

Mrs. E. G. Solary of 527 Manzanita avenue received news on Monday of the death of her brother, Reginald Rowley, at Waterbury, Conn., following a year's illness. Before his illness he was employed by the U. S. Torpedo Station at Newport, R. I. Besides his sister he leaves his mother, Mrs. Annie Rowley of Pasadena, his wife, two daughters and two grand-children, all of Waterbury.

WATCH FOR THIS IMPORTANT WARTIME MANUAL

Your postman will deliver it
to you soon. Be sure to read
it carefully! Keep it handy!

AN IMPORTANT Wartime Fuel-Gas Emergency Manual is now being prepared for early mailing. Within the next month, Southern California Gas Company customers will get their manuals with their gas bills. Southern Counties Gas Company customers will get theirs mailed separately.

WHY THIS EMERGENCY MANUAL IS IMPORTANT TO YOU

You already know the steps to take in case of a "dimout" or "blackout." It is equally necessary that you should know just what to do in case of a wartime fuel-gas emergency. For example—you may be asked on short notice by your gas company to "Use less gas for

household heating." In that case this Manual will tell you the proper way to do this to get the best results and with the least inconvenience to you and your family.

Prompt action on your part in such an emergency will be a war service of vital importance. Here's why:

The peacetime network of pipelines used to deliver natural gas is now serving double duty—helping speed Southern California's huge war production tasks, and taking care of civilian demands which also have been enormously stepped-up by wartime conditions. This vast network of pipelines cannot be expanded—because the steel required is even more vitally needed on other fronts.

That is why we urge you to read and keep this Wartime Fuel-Gas Emergency Manual when it comes to you in the mail.

SERVING THE SOUTHWEST AND CALIFORNIA

Name New Officers Of Conserso Club

Miss Jean Tate was elected president of the Conserso Club at the regular meeting last week, replacing Mrs. J. Stadden Miller. Other newly elected officers include: Kathryn Kirk, vice-president and program chairman; Marjorie Peterson, ways and means; Regina Rivera, secretary; Mrs. Richard Jenkins, treasurer; and Marguerite Domschke, hospitality and membership.

Formal installation ceremonies will be held Tuesday, December 15, at the home of Mrs. J. Stadden Miller with Mrs. Ernest Best and Mrs. Harry Lange acting as co-hostesses.

PUBLIC NOTICE

ORDINANCE NO. 425
AN ORDINANCE OF THE CITY COUNCIL OF SIERRA MADRE CREATING THE OFFICE OF POUND MASTER IN AND FOR SAID CITY AND PRESCRIBING THE DUTIES OF SUCH POUND MASTER; CREATING A PUBLIC POUND FOR SAID CITY AND REGULATING THE MANAGEMENT THEREOF; REGULATING THE KEEPING, RUNNING AT LARGE AND IMPOUNDING OF DOGS AND OTHER ANIMALS WITHIN SAID CITY; PROVIDING FOR THE LICENSING OF DOGS THEREIN AND REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT THEREWITH.

THE CITY COUNCIL OF SIERRA MADRE DO ORDAIN AS FOLLOWS:

SECTION 1: That a public pound for the City of Sierra Madre for the impounding of animals shall be and the same is hereby authorized and such public pound is hereby created and established. Said public pound shall be maintained at such place or places as said City Council may hereinafter from time to time determine by Resolution.

SECTION 2: That the office of pound master of the City of Sierra Madre shall be and the same is hereby created. A pound master shall be appointed by said City Council and hold his office during the pleasure of said City Council. It shall be the duty of the pound master to make investigations concerning, take up, receive into said pound, maintain therein and release, discharge or dispose of, therefrom, all animals found running at large upon any public highway, street, avenue, lane, alley, park, sidewalk or any other public place within said City, or which shall be staked out or fastened in such a manner that they can go or enter into or upon any such public highway, street, avenue, lane, alley, park, sidewalk or other public place within said City, or which may be delivered to such pound master by any person under the provisions of this Ordinance, or which may be on private premises within said City, but which are nevertheless subject to impoundment or disposal under the provisions of this Ordinance; provided however, that the provisions of this Section shall not apply to dogs which are properly licensed and wearing current license tags under the Ordinances of said City relating thereto, excepting when trespassing upon private property or premises or in quarantined areas during periods of quarantine for rabies declared under any law of the State of California, or Ordinance or Resolution of said City of Sierra Madre, or order of the health officer or health department of said City, or department or officer performing health functions for said City, nor shall the provisions of this Section apply to animals lawfully upon any such public highway, street, avenue, lane, alley, park, sidewalk or other public place and which are temporarily hitched to hitching weights, devices or posts at the curb or side of any such public highway, street, avenue, lane, alley, park, sidewalk or other public place.

SECTION 3: That it shall be unlawful for any person owning or having possession, charge, custody or control of any animal to cause or permit or allow the same to stray, or run, or in any other manner to be at large, in or upon any public highway, street, roadway, road, avenue, lane, alley, park, sidewalk, or other public place in said City of Sierra Madre, or in or upon any uninclosed lot, land or premises, or to stake out, or herd, or graze any animal upon any uninclosed lot, land or premises in such manner that the rope or other attachment by which same is tethered may permit it to be or go beyond the boundary of such lot, land or premises, providing that the provisions of this Section shall not apply in the case of licensed dogs, except as in this Ordinance otherwise provided. Nor shall such provisions apply in the case of animals lawfully upon any such public highway, street, roadway, road, avenue, lane, alley, park, sidewalk or other public place and which are temporarily hitched to hitching weights, devices or posts at the curb or side of the highway, road, road-

PUBLIC NOTICE

way, street, lane, park, avenue, alley or place, or which are otherwise located therein and provided for the purpose.

SECTION 4: That any animal, including any dog, found trespassing upon any private ground or premises within said City, may be taken up by the party owning, controlling or having possession of such ground or premises, or by the agent or representative of such person, and committed to the pound master to be dealt with as provided in this Ordinance; and likewise the pound master may enter upon any private property, ground or premises within said City in actual pursuit of any animal which said pound master may be pursuing at the time under any of the provisions of this Ordinance. Any person taking up any such stray animal found running at large or trespassing upon any property, ground or premises owned, controlled or in possession of such person, shall promptly notify the pound master of such taking up and it shall be unlawful for any such person to fail or refuse to surrender such animal to said pound master or his duly authorized representative upon demand therefor.

SECTION 5: That the pound master shall keep a full, true and correct record of all animals taken, received and impounded, the date of such impounding, and the date and manner of their release, discharge or disposal, and shall keep conspicuously posted, at the entrance to the pound, a list of all animals therein contained, together with a brief description of each of such animals at all times during which such animals remain in such pound. The pound master shall also provide the necessary subsistence and shall properly care for all animals while in his custody, and the costs of such subsistence and/or care shall be a charge against and paid by said City, unless otherwise specified in any contract which may be awarded for such pound service as hereinafter contemplated, in which case the costs thereof shall be paid and discharged as contemplated in such contract.

SECTION 6: That when any animal or animals are so impounded, the pound master shall at once cause notice thereof to be given by posting or causing to be posted notices in three public places in said City of Sierra Madre, which said notices shall contain a description of the animal or animals so impounded and if the animal described in such notice be a horse, mare, colt, goat, sheep, cow, mule, jack, jenny, ass, bull, ox, hog, steer or calf, shall set forth that unless the same are reclaimed within seven days from the date of posting of said notices, said animal or animals will be sold to the highest bidder for cash at public auction at a time and place in said notice specified. If the animal described in such notice be a dog, cat or other small animal, such notice shall set forth that unless said animal is reclaimed within three days, the same will be destroyed or disposed of as hereinafter provided. A copy of said notice shall be posted at the entrance to such pound; the second copy thereof shall be posted on the bulletin board at the City Hall; and a third copy thereof in some conspicuous public place to be selected by the pound master; and a fourth copy thereof shall be delivered to the owner or owners if known. When any horse, mare, colt, goat, sheep, cow, mule, jack, jenny, ass, bull, ox, hog, steer or calf so impounded and advertised is not reclaimed within the period of seven days specified in said notice, the pound master shall proceed to offer the same for sale at the time and in the place and in the manner specified in said notices. In the event that there should be no bidder or bidders at such sale, or if such animal be a dog, cat or other small animal which has not been reclaimed within the three day period specified, then at any time prior to the actual disposal of such animal; otherwise, the pound master may sell or dispose of such animal to such person or persons as may apply therefor at such price or for such consideration as to said pound master shall seem proper, and in the absence of any such sale or disposition it shall be the duty of the pound master to cause such animal to be killed or disposed of in some humane manner; provided however, that nothing contained herein shall be construed as rendering said City liable for the care or maintenance of any such animal beyond the three or seven day impoundment, nor shall anything herein contained be construed as prohibiting the redemption of any such animal prior to the actual sale or other disposal thereof.

SECTION 7: That the owner or any person entitled to the control of any animal or animals impounded shall have the right to reclaim the same at any time prior to the sale or other actual disposal thereof upon payment to the pound master of the costs and charges hereinafter provided for.

SECTION 8: That the pound master shall collect from the owner or owners of all animals impounded the following fees for impounding and keeping the same, to-wit:

PUBLIC NOTICE

For every horse, mare, colt, goat, sheep, cow, mule, jack, jenny, ass, bull, ox, hog, steer or calf impounded by him, the sum of \$2.00 as an impounding fee and the further sum of 50c per day exclusive of the day of impoundment, for each day such animal is necessarily held in such pound.

For every dog impounded by him the sum of \$1.00 and a further charge of 25c per day, exclusive of the day of impoundment, for each day any dog so impounded is necessarily held in said pound. For all other animals, not hereinabove specifically mentioned, impounded in such pound, said pound master shall collect the sum of 50c as an impounding fee and in addition thereto the sum of 15c per day, exclusive of the day of impoundment, for each day such animal is necessarily held in said pound.

SECTION 9: That whenever any animal is sold as provided in and under the provisions of this Ordinance, the proceeds of such sale shall, unless otherwise provided in any contract made as hereinafter provided for, be paid into the City Treasury of said City and the owner of such animal or animals so sold may at any time within three months after sale, bring suit against the person, firm or corporation who or which received the same in any Court of proper jurisdiction to recover any surplus there may be from the sale of said animal or animals after deducting all costs and charges occasioned by reason of the impounding and keeping of said animal or animals.

SECTION 10: That all money received by said pound master as fees and charges of every kind in connection with the licensing, impounding, sale and/or keeping of any animal or animals, unless otherwise provided in the contract hereinafter provided for, shall be paid by him into the City Treasury before noon on the Saturday next succeeding the collection thereof.

Section 11: That the salary, compensation or fees of the pound master shall be fixed by Resolution of said City Council from time to time as occasion may require and all expense of keeping, maintaining and establishing said pound, unless otherwise provided for in the contract hereinafter referred to, shall be paid by said City; and all claims therefore, unless provided otherwise in said contract, shall be presented, allowed and paid as other claims against said City are presented, allowed and paid, provided, however, that as an alternative said City Council may at its discretion from time to time hereafter and for such period as to said City Council may seem proper, appoint such person as said City Council may designate as pound master on a fixed monthly salary, or may advertise for bids for furnishing said City with such public pound hereinafter referred to and for the performance of all the duties of pound master in connection therewith in the manner set forth in and contemplated by this Ordinance, including if said Council shall so desire, the collection and issuance by such pound master, of any license or licenses hereunder.

In the event such a contract be awarded and regardless of the basis of award all moneys collected on dog licenses must be turned in to the Treasury of said City and proper demands for such proportion thereof as may be specified in such contract must be presented, audited and allowed as in all other cases of demands against said City regardless of whether the award is based upon a fixed compensation per month or upon a percentage basis.

SECTION 12: That the word "dog" as used in this Ordinance shall include male and female.

SECTION 13: That except as in this Ordinance provided, it shall be unlawful for any person to have, keep, maintain or harbor within said City of Sierra Madre, any dog, without first having obtained from said City an annual license so to do upon the payment of the fee hereinafter mentioned.

SECTION 14: That the license fee for keeping and maintaining a dog in the said City of Sierra Madre is hereby fixed as follows:

For every male dog and every spayed female dog, the sum of \$2.00 per year—and for every female dog, the sum of \$4.00 per year; provided however, that except as hereinafter provided, it shall not be necessary to procure a license or pay a license fee hereunder for any dog under the age of six months whether the same be male or female.

Each such license shall be payable annually in advance on the first day of July of each year and same shall expire at midnight on the 30th day of June of the succeeding year, provided however, that upon the filing of sufficient proof that any dog for which a license is applied has been outside the City of Sierra Madre for one or more full con-

PUBLIC NOTICE

secutive quarterly periods beginning with the first day of July of the current license year, a license for the remaining portion of the license year may be issued and the fee therefor reduced accordingly, computed on a quarterly basis of the full yearly fee. To be so reduced, the license fee must be paid within 15 days after such dog was brought into the City of Sierra Madre, and no credit shall be given for any period of time less than a full quarterly period starting with the first day of July, October, January and April of each year.

SECTION 15: That the City Clerk shall each year, at the expense of said City, procure a sufficient number of suitable tags to meet the requirements of this Ordinance, numbered from one (1) upward consecutively, on which tags shall be stamped the month and year of their expiration and shall issue the same to the pound master in consecutive order as may be required, keeping an account thereof. Said license tags shall be so marked that the tag for a male dog is readily distinguishable from that for a female dog by having the letter "M" for a male dog or the letter "F" for a female dog stamped thereon as the case may require.

Such tags shall be valid only for the dog for which issued as described on the license fee receipt and it shall be unlawful for any person to use any such tag on or attach any such tag to any dog other than the dog for which the same was issued.

SECTION 16: That the City Clerk shall also cause to be printed a sufficient number of receipt blanks to meet the requirements of this Ordinance which receipt blanks shall provide for the description of the dog for which the license is issued, the number of the tag issued for such dog and also the name and address of the owner of such dog. Said receipts shall also designate the sex of the dog for which such license has been paid. A charge of fifty cents shall be made for the issuance of a duplicate license tag.

SECTION 17: That the Chief of Police and all police officers of said City of Sierra Madre as well as the pound master and his assistants shall enforce the provisions of this ordinance.

SECTION 18: That the pound master (or Chief of Police in the event no other person be acting as pound master by appointment or contract as contemplated under this Ordinance) is hereby declared the City Dog License Collector and said pound master shall, upon the payment of such license tax as contemplated in this Ordinance, by any owner or person having control or charge of any dog within the City of Sierra Madre, deliver to such person an appropriate tag for which such license has been paid and shall also deliver to such persons receipt signed by such pound master for such sum of money as shall have been paid as such license tax.

SECTION 19: That the owner or person having the care, control or custody of any dog upon which such license tax shall have been paid shall securely fasten such tag upon a suitable collar and securely fasten such collar with such tag attached thereto upon such dog. A dog "harness" or other device may be substituted in lieu of the collar if so desired. No dog shall run at large or be permitted to run at large within said City unless there be attached to said dog at the time a current license tag as herein contemplated, provided however, that in case any quarantine is established for any area or areas within said City by the proper health authorities of said City, as a protection or precaution against the incidence or communication of rabies, then, and in that event, no dog shall be permitted to go at large at any time within any such area or areas so quarantined for the period of such quarantine whether bearing a current license tag or not.

SECTION 20: That it shall be unlawful for any person owning or having the care, custody or control of any dog to permit said dog to go at large at any time in any area or areas within said City in which a quarantine on account of rabies exists during the period of such quarantine. And it shall be unlawful for any person owning or having the care, custody or control of any dog to permit such dog to go at large at any time within said City unless such dog shall have attached thereto a current license tag as contemplated in this Ordinance, or to permit or allow any female dog to go or run or be at large upon any of the public highways, streets, avenues, lanes, alleys, parks, sidewalks or other public places within said City at any time during any period in which such female dog is "in heat."

SECTION 21: That whenever any person or persons owning, harboring or having the care or custody of any dog or dogs shall fail to pay the license tax provided and specified in this Ordinance for such dog or dogs,

the pound master shall cause such dog or dogs to be seized and kept in the public pound for the period and in the manner and upon the terms, conditions and requirements as are specified in this Ordinance and shall give the notices respecting impounded animals with reference to such dog as specified in this Ordinance and in the event same be not sold or redeemed as herein contemplated, then said pound master shall make disposition thereof in the manner as set forth in this Ordinance.

SECTION 22: That the pound master is hereby authorized to enter upon any private premises within said City at any and all reasonable times while engaged in the discharge of his duties under this Ordinance for the purposes of enforcing the provisions of this Ordinance.

SECTION 23: That when any redemption is made under this Ordinance, in addition to paying any impounding fee or costs incurred by reason of impounding any animal impounded hereunder, there shall also be paid the amount of any license fee which may then be due or payable on such animal under this or any other Ordinance of said City in case a current license for such animal be not in existence at the time.

SECTION 24: It is provided further, however, that notwithstanding any other provision of this Ordinance relating thereto, any dog under the age of six months, if found running at large, may be taken up by the pound master and impounded and in such case the exemption from license hereinafter provided for such dog shall be forfeited and in such event said dog shall be subject to redemption and/or sale or disposal in the same manner as provided in this Ordinance for dogs over the age of six months.

SECTION 25: That in addition to any other duties imposed upon said pound master by this Ordinance, unless otherwise provided in any contract executed hereunder, it shall be the duty of the pound master to remove and dispose of any and all dead animals found in or upon any of the public highways, streets, avenues, lanes, alleys, parks, sidewalks or other public places within said City and of any abandoned dead animal found or being upon any private premises; and also to receive and humanely dispose of any live animal, which, either by reason of age or infirmity or request of the owner or person having the care, custody or control thereof, is to be destroyed and disposed of within said City, provided however, that the removal of any dead animal from the premises or property of the owner or person in charge of such animal, or the disposal of any live animal at the request of the owner or person in charge thereof, shall be done only upon payment of a disposal fee equal to the impounding fee provided herein for animals of like kind; and provided further, that such disposal of any such animal is primarily the responsibility of the owner or person in charge thereof, and anything to the contrary notwithstanding, such service may or may not be performed by the pound master at his discretion.

SECTION 26: That it shall be unlawful for any person, firm, association, or corporation to allow or permit any vicious or dangerous dog or any dog which is apt to bite or injure any person, or persons, to be or go at large within said City.

SECTION 27: That the City Council shall have, and said Council does hereby expressly reserve, the right and power (notwithstanding any other provision, term or condition in this Ordinance contained, to the contrary) to suspend and also to revoke any dog license issued under the provisions hereof, if at any time it appears to said City Council at any time finds that any dog described or referred to in any dog license, or for which any dog license is or may be issued, hereunder, is vicious, dangerous, or apt to bite or injure any person or persons.

Whenever any dog licensed hereunder, or if unlicensed, is, in either the written opinion of the pound master or of the City Council of said City, filed with the City Clerk of said City, vicious, dangerous, or apt to bite or injure any person or persons, and the same is permitted to go at large, or is kept in such manner as to constitute an apparent menace to any person or persons in said City, such dog may be immediately impounded by the pound master or his duly authorized agents, representatives or assistants.

The pound master and/or the Chief of Police shall investigate all reports of alleged vicious or dangerous dogs and if it appears from such investigation that any such dog is vicious or dangerous or has bitten or injured any person, shall file with the City Clerk a written report together with the written statement of any witness or person having know-

PUBLIC NOTICE

ledge of the circumstances. The City Clerk shall thereupon set a date for hearing before the City Council, such date of hearing to be not less than three days nor more than fifteen days thereafter, exclusive of the date such report was filed, and shall prepare a notice to the owner or person having charge, care or custody of such dog giving notice of the date of such hearing and the reason therefor and also that pending such hearing, the dog referred to, if not already impounded, must be kept confined to the premises of such owner or person, and also that such owner or person may appear before the City Council at such hearing and show cause, if any, why such dog should not be destroyed or its license revoked. Such notice shall also contain or have attached thereto a copy of the report so filed.

A copy of such notice and report shall be served personally or by registered mail upon the person to whom addressed at least one day prior to the date of hearing. Upon such hearing said City Council shall hear all persons who appear and desire to be heard, and shall thereupon decide whether such dog shall be released, destroyed or otherwise disposed of, and its decision after such hearing shall be final and conclusive. It shall be unlawful for the owner or person having charge, care or custody of any dog referred to in this Section following receipt of the notice to confine such dog, to allow the same to run at large or leave the premises of such owner or person until authorized so to do by decision of the City Council, and it shall be the duty of the pound master, his assistants and all police officers of said City to capture and impound any such dog running at large or off the premises of its owner or person having charge, care or custody thereof. In the event that such dog cannot readily be captured, it shall be killed on sight. In the event that any dog referred to in this Section has for any reason been impounded it shall not be released until and unless the said City Council so orders and in no event shall any impounded dog which has bitten any person be released until authority so to do has been obtained from the health officer or health department of said City or department or officer performing health functions for said City.

In the event said City Council, after such hearing orders such dog destroyed, or otherwise removed from said City, or revokes the license for such dog, then and in any of the said events said Council shall also, at the same time, order the refunding of the pro-rata portion of the license fee paid for the license of such dog, for the remainder of the license period ending after the date of such order. Said City Council hereby finds and determines that the reservation of the right and power hereinafter made, is necessary in order to protect the public peace, health and safety of said City, and of its inhabitants, not only on account of physical danger from vicious and dangerous dogs, but also from the standpoint of the suppression and combating of the ever present menace of rabies.

SECTION 28: In order to accommodate the public of said City, and to expedite the issuance of licenses hereunder, the City Clerk of said City is hereby authorized, subject to the general authority of the pound master to issue at the office of said City Clerk in the City Hall, any license contemplated under this Ordinance.

SECTION 29: Any fowl or fowls at large upon any public street, avenue, alley, or other public place, or found trespassing upon any private property within said City, may be taken up by the pound master or by any other person, and committed to the custody of the pound master, who shall hold the same subject to an impounding fee of 25 cents and a charge of 5 cents per day for the keep of each such fowl. Notice of the impounding of any fowl or fowls shall be given by promptly posting a notice containing a brief description thereof, at the entrance to the pound and on the bulletin board at the City Hall. Any fowl not redeemed within three (3) days after the impounding thereof, shall be sold or otherwise disposed of by the pound master in such manner as to the pound master at the time shall seem best. All impounding and keep fees collected under this Section shall be the property of said City, unless otherwise stated in any contract made under the provisions of this Ordinance. The pound master, unless some other person be specified so to do in any such contract shall keep an accurate and appropriate record of all fowls impounded and of the disposition thereof and of the fees collected in connection therewith. The pound master shall provide at the cost of said City, subsistence for all such fowls during the impounding thereof, unless otherwise specified in any contract awarded under this Or-

PUBLIC NOTICE

dinance.

SECTION 30: The City Council may, if it deems it necessary appoint an assistant or assistants to the pound master who shall hold office during the pleasure of said City Council and receive such compensation as may be by Resolution be provided. Such assistants shall, subject to the directions of the pound master, enforce all the provisions of this Ordinance and perform the duties of the pound master as herein provided.

SECTION 31: That it shall be unlawful for any person to resist or obstruct the pound master or any of his assistants or any police officer in the performance of their duties as defined herein, or to rescue or take from the public pound any animal or fowl impounded therein without first obtaining a release thereof as hereinbefore provided.

SECTION 32: That Ordinances of the City of Sierra Madre, numbered and entitled as follows:

Ordinance No. 6 of the City of Sierra Madre, entitled: "An Ordinance of the Board of Trustees of the City of Sierra Madre, providing for the appointment of a pound master, fixing his compensation and regulating his duties," adopted April 11, 1907.

Ordinance No. 7 of the City of Sierra Madre, entitled: "An Ordinance of the Board of Trustees of the City of Sierra Madre regulating the keeping of dogs and providing for the licensing of the same," adopted April 11, 1907.

Ordinance No. 139 of the City of Sierra Madre, entitled: "An Ordinance of the Board of Trustees of the City of Sierra Madre amending Ordinance No. 7 of the ordinances of the City of Sierra Madre, entitled: "An Ordinance of the Board of Trustees of the City of Sierra Madre regulating the keeping of dogs and providing for the licensing of the same," by the addition of two sections thereto, making the violation of the provisions thereof relating to the muzzling of dogs a misdemeanor and providing a penalty for such misdemeanor," adopted April 13, 1911.

Ordinance No. 261 of the City of Sierra Madre, entitled: "An Ordinance of the Board of Trustees of the City of Sierra Madre providing for licensing dogs within the corporate limits of said City and the destruction of dogs not licensed, and for the prevention of rabies and fixing a penalty for the violation of said Ordinance and repealing Ordinance No. 7 and Ordinance No. 139 of said City," adopted June 22, 1922, and all other Ordinances or parts of Ordinances in conflict herewith, be and the same are hereby repealed.

Ordinance No. 265 of the City of Sierra Madre, entitled: "An Ordinance of the Board of Trustees of the City of Sierra Madre, amending Section 2 of Ordinance No. 261 of said City, entitled: "An Ordinance of the Board of Trustees of the City of Sierra Madre providing for licensing dogs within the corporate limits of said City and the destruction of dogs not licensed, and for the prevention of rabies and fixing a penalty for the violation of said Ordinance and repealing Ordinance No. 7 and Ordinance No. 139 of said City," adopted June 22, 1922, and all other Ordinances or parts of Ordinances in conflict herewith, be and the same are hereby repealed.

SECTION 33: That any person, firm or corporation violating any of the provisions of this Ordinance, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding \$300.00, or by imprisonment in the City Jail of said City of Sierra Madre, or in the County Jail of the County of Los Angeles, State of California, at the discretion of the Committing Magistrate, for a period not exceeding three months, or by both such fine and imprisonment.

SECTION 34: This Ordinance is urgently required for the immediate preservation of the public peace, health and safety and for the specific reason that stray dogs and other animals constitute a menace to the public peace, health and safety, and provisions for the impounding of same are necessary and therefore the immediate passage of this Ordinance is required.

SECTION 35: The City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published once in the Sierra Madre News, a weekly newspaper published and circulated in said City of Sierra Madre and thereupon and thereafter the same shall take effect and be in force.

The foregoing Ordinance was adopted at a regular meeting of the City Council of the City of Sierra Madre held on the 24th day of November, 1942, by the affirmative vote of at least four Councilmen, to-wit:

AYES: Councilmen McGill, Hoegge, Froehlich, Schlitz and Schwartz.

NOES: None.

and signed and approved this 24th day of November, 1942.

THOS. M. SCHWARTZ,
Mayor.

ATTEST:

WAVERLY E. PRATT,
City Clerk.

Motorists Hi Jack Sailors Out Of Excessive Fees

Hi-jacked out of \$4 for transportation from the Naval training station at San Diego to Los Angeles, Reading L. Davis of the Fleet Marine Force of the Navy arrived here Saturday evening for a visit with his family. He was one of nearly a thousand sailors

who couldn't get aboard the crowded last train leaving San Diego Saturday afternoon. As soon as the train pulled out a flock of mercenary motorists who were driving north offered the bluejackets a ride and when they got under way, notified the boys the trip would cost them \$4 a head. Instead of turning the hi-jackers over to the police, they settled. The round trip railroad fare is \$2.25.

Davis, a former employee of the telephone company and member of the fire department, arrived here just in time to say good-bye to his relative, John Noble, formerly of 621 E. Sierra Madre Blvd., who left the same evening for the Naval training station at Providence, R. I. Noble enlisted in July, about the time Davis did, and has been awaiting call ever since. He has been a resident here since 1923.

THE POCKETBOOK of KNOWLEDGE

TIME TO STOP ARGUING ABOUT IT AND START MAKING RUBBER WASHINGTON IS WARNED

By RALPH TAYLOR
(Executive Secretary, Agricultural Council of California)

America can't walk to victory; this nation's entire economy is geared to wheels—and it is imperative that Congress and the national administration take immediate steps to launch a program for the production of synthetic rubber that will supply tires not only for the war effort, but also for civilian needs!

That, in substance, represents the viewpoint of the Agricultural Council of California, the legislative board of the State's major farm cooperatives, as expressed in a resolution adopted at the Council's annual meeting, just concluded. More than 70,000 California farmers are members of 30 major farm co-ops represented by the Council.

During discussion of the issue, it was brought out that both Germany and Russia are producing synthetic rubber on an extensive scale and that a large number of their motor vehicles are equipped with tires made from synthetic rubber.

The Council's action was embodied in the following resolution, copies of which have been sent

to all members of California's congressional delegation and leading officials of the Federal government.

"Our entire farm economy program is built around transportation by rubber-tired vehicles.

"Studies by the Brookings Institution indicate that anything less than 20 million of such vehicles in the American economy must slow down the war effort itself, regardless of other civilian needs.

"Many recent public utterances indicate the belief of the national tire-ratting officials that available and prospective supplies of natural and synthetic rubber will force a reduction to a maximum of seven million rubber-tired vehicles by the end of 1943.

"Evidence in published form, in both the Fortune Magazine and Nation's Business, indicates that there are already three proven formulae for making synthetic rubber that may be used in tires. One of these already is in use in Germany; another in Russia, and a third is being used experimentally in this country. Another formulae, still in the experimental stage, indicate further possibilities in the manufacture of synthetic rubber.

"Current government estimates that only war and related requirements can be cared for on the road by the latter part of 1943 indicate the absolute necessity for a more rapid development of facilities for the manufacture of synthetic rubber and for speeding up its production.

"The manufacturer of synthetic rubber must begin in sufficient time, and in sufficient tonnage, to supply the needs of the civilian population before the stock supply of natural rubber is completely exhausted.

"We earnestly urge that our Senators and Congressmen and our government officials, as well as all others having anything to do with rubber and its substitutes, push this program for the immediate production of synthetic rubber with the utmost speed, with the idea of producing tires not only for the war effort, but for civilian needs as well, by the time present tire supplies from natural rubber are depleted."

There has been a great deal of pulling and hauling in the national capital on the rubber situation, but there has been little in the way of constructive action. No bids have been called for as yet for the building of factories to manufacture synthetic rubber—and there is every indication that at least part of the delay is due to failure of Congress and the national administration to cut through red tape and take decisive action.

Three proven methods are available for the manufacture of synthetic rubber, two using petroleum as a base, and one employing grain alcohol. Germany has successfully employed the Buna-S formula, one of the petroleum methods, and Russia, which has used the alcohol formula extensively, is now making rubber synthetics both by that method and from grain alcohol.

The public isn't concerned with which method is used; it isn't interested in any commercial quarrel between rival industries. But the American public will have something to say about it if the war effort is slowed down to a walk by failure of the gov-

ernment to cope effectively and speedily with the problem. It is about time that officials in Washington stopped warning the American people that they will soon be forced to put their cars and trucks in storage—and started doing something to prevent it. If Russia and Germany can produce synthetic rubber, America can produce synthetic rubber. But it's time to stop arguing and start doing it!

1944 Car License Fee Is A Guess

Your 1943 automobile registration card will not tell you what your 1944 license fee will be. Always heretofore the next year's fee has been shown on the current white slip. It will not be possible to estimate the amount this time on account of the gasoline and tire rationing programs and the fluctuating value of automobiles during the war, the State Department of Motor Vehicles announces.

Individuals presently employed in a war production industry need not apply.

THINK

Supposing There Wasn't a Newspaper in Sierra Madre

To The Schools ---

Who would publish the school items and P.T.A. which are important to us, but drab and uninteresting to others? Who would advance and discuss school problems only of interest to the people of Los Angeles county?

To The Churches ---

Who would publish the weekly church notices and numberless church articles only of local interest? YES — others would if you would pay for it.

To Clubs and Societies ---

Who would publish accounts of these meetings which are so necessary to maintain interest and good will?

To The Advertisers ---

Who would advertise the products you have to sell and promote? Others have tried to get away without advertising and eventually found the sheriff waiting at the door. Yes—you could advertise in other papers but you would pay from two to three times as much for less coverage.

To The Readers ---

Where else could you get the full picture of our community life, our joys, our sorrows, our activities, our progress, our politics, our pleasures, our social and religious life? Now you need it most of all during the emergency.

There Is No Other Media to Take the Place of your local paper ---

YOUR HOME AND MINE

BY ANNE WILSON

How about a cheese souffle for dinner tonight? This delicately flavored dish will be a tempting main course that is a welcome change from the ordinary menu.

Souffles have a reputation of being hard to make, but slow baking in a dependable oven is the secret of their success. Women with electric ranges are sure of this essential, for electric heat automatically provides an oven temperature that is absolutely reliable.

Cheese Souffle

4 tbsp. butter
4 tbsp. flour
1½ cups hot milk
1 tsp. salt
Dash cayenne
½ lb. cheddar cheese
6 eggs

Melt the butter and blend in the flour. Add hot milk, salt and cayenne. Cook until thick and smooth. On an electric range you can do this in an ordinary pan on low heat, for electricity's controlled heat prevents sticking. A double boiler is advised for any other kind of range.

Remove from heat and add sliced cheese. Stir until it is melted. Stir in beaten egg yolks and let cool to room temperature.

Fold in stiffly beaten egg whites. Place in a two-quart casserole and bake in a 300 degree oven for 1½ hours. Serve at once. Impress the family with being on time for dinner, for a souffle does not like to be kept waiting!
